Centralia College:

Robbie Graham - 6 foot 155 lbs. He is quick with the ball, he sees the court very well, and is a pass first, shooting second point guard. His current GPA is 3.12.

Clackamas Community College:

JC Cook, 6'1" guard; 23.2 ppg game last season, runnerup league MVP; one of the top guards in the NWAACC. Great academically. Great kid.

Austin Dunn, 6'3" guard, second team all-region and averaged 19.8 ppg; outstanding all-around guard and top academically. Also a great kid.

Brad King, 7'1" 305 lb. Post, still a project, but very improved since last year; outstanding kid, great student. Reminds me of the big kid who played in last year's D-II championship game. Might be the hardest working and most intellegent kid I have worked with. Worth a look.

Scott Martin, 6'5" G/F; great shooter, late bloomer type who will probably improve another quantum leap; active and jumpy, nice inside-outside offensive game.

Jonny Brainard, 6'1" guard, outstanding shooter, great kid, great student, capable of scoring 20 in a reserve role any given night; back up guard last season who is vastly improved.

Tyson Christie So Wing 6-3 225

07-08 STATS: ppg 15, fg 49%, 3pt 29%, reb 7.4, ft 66%, asst 2.6

Tyson was last year's leader in the following categories: Scoring, Rebounding, Assists, Steals. We played him inside last year but will play the perimeter this year. He was a 2nd team all-league player last year. We project him to be a 1st team all-league for this year.

Scott was a starter for us last year. He played in one game and injured his knee. His injury required surgery and was sidelined for the remainder of the year. He will be a starter for us this year.

Cody as come back this year with a renewed enthusiasm. He is more physical inside this year and will help create depth in our inside positions.
